Prom Night

Monday night, June 14, 2010. At six p.m., members of The Class of 2010 and their dates began flooding the lobby of the Venus deMilo in Swansea. The doors to the ballroom opened at 6:30 and the line filed onto the dancefloor to await the Steering Committe members to be announced. By seven o'clock, each homeroom rep was announced along with their date and made their way onto the floor under the sabers.

Dinner was soon served, beginning with soup and salad. The main course consisted of a choice between chicken cordon bleu, prime rib, or a vegetarian pasta primavera. People were already making their way to the dancefloor as the desserts were being passed.

The dancefloor was packed as the DJ played a variety of music from "You Shook Me All Night Long" by ACDC, "OMG" by Usher featuring Will i am to the "Cha Cha Slide" by DJ Casper. There were hundreds of people showing off their moves throughout the night. Midnight came quickly, and the Class of 2010 filed out of the ballroom and received their gift - a red waterbottle commemorating the night. Many of them jumped in their limos and headed to New Bedford High for the after-prom party where there was food, plenty of games - including toilet bowl races, karaoke, laser tag, and a magician. This night and morning will not soon be forgotten.

Class president, Filipe Andre makes his final address to his classmates.

Valedictorian Heling Zhao gives her last words of advice to the graduating class. Ending her speech by telling her classmates, "Let's go take over the world!"

Now graduates of NBHS, the Class of 2010 celebrates by tossing their caps in the air.

It's finally here. The day you could not wait to arrive. It's your graduation, and now you wish you could go back to freshman year - not to change a thing, but to relive it all.

Everything seems to be in fast forward as you try to find your friends in the gym and get your cap on just right. In no time you are lined up, and start to make your way to the field. Suddenly it hits you, the bittersweet feeling that you've been dreading. Dreading because you know that this is really the end. This is the last time you will walk out through those doors as a student of New Bedford High School; however, it is not the end of the friendships and memories that you have made here. It is not only an end but a beginning. Sure we've slipped at times and wandered from our paths, but that's what high school is all about - finding your way. We have continually proved ourselves to the people around us, proved to them that we could do this. Like our class president, Filipe Andre said, our diploma is not the only thing that we have earned.

Graduation isn't only about celebrating the education we've received. It's so much more. It's about living in the moment and spending one last time together before we all part and go our separate ways. We are more than just classmates, we are truly a family. We are all so close, and the time we've spent together will never be forgotten.

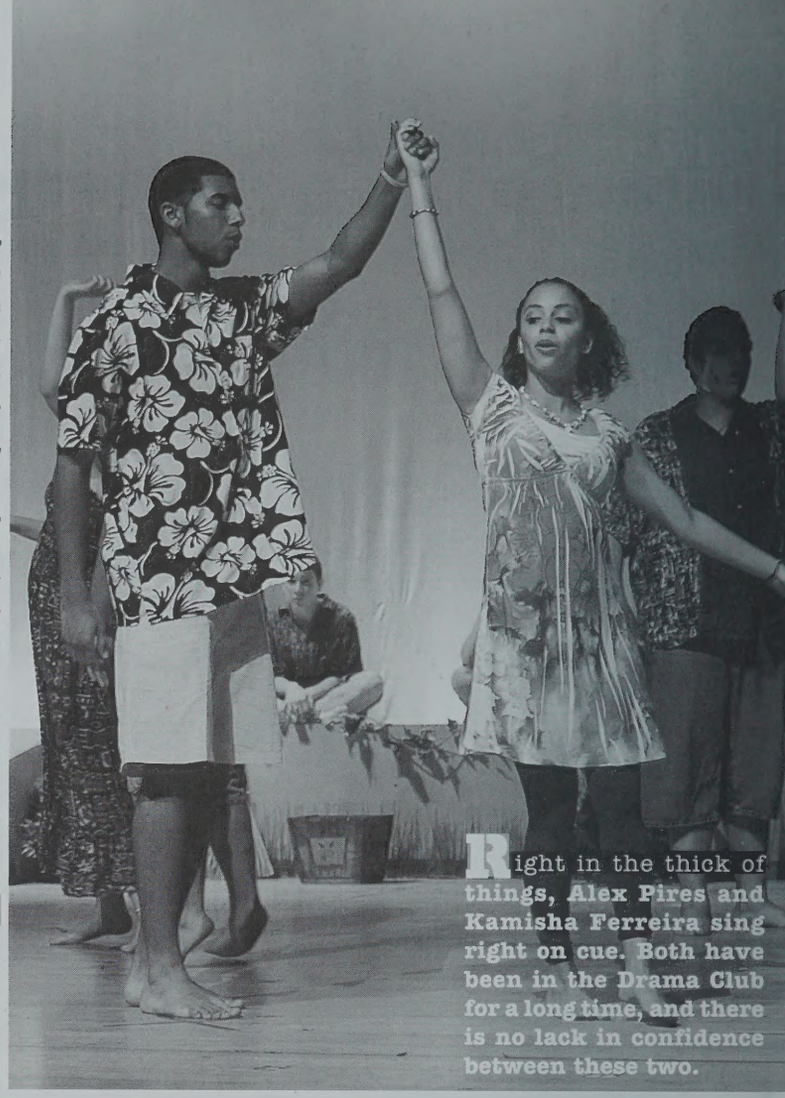
Once On This Island

On a stormy night on the island of Haiti, many peasant men and women comfort a small peasant girl from the storm by telling a story. The story is of a peasant girl who falls in love with a rich man who returns this romance, but since they come from two different worlds, he marries a rich woman instead of the girl he fell in love with.

Many of the cast and crew felt like the show was an amazing performance, despite the setbacks they had to face. Andy Soares, who played Agwe, felt, "Although the Drama Club hasn't been up to par, whether it be financial crisis or the number of people coming to see our plays, we still put on a pretty amazing show." Crew member Kyla Thivierge felt that the show "was ridiculously fun, and it was amazing to help out backstage!" The pit below played an amazing score that captured the audience's attention the minute the curtains opened.

Copy Written By Andy Soares



Right in the thick of things, Alex Pires and Kamisha Ferreira sing right on cue. Both have been in the Drama Club for a long time, and there is no lack in confidence between these two.

Deeply locked in love's grasp, Nasha Machedo and Justin Simmons sing to each other.

Leading the procession, Kaylee Cotter does what she does best, and that is sing. An amazing vocalist, Kaylee also had a lead role in the play.

During a moving scene, Nasha Macedo, playing Timoune, kneels passionately over Justin SImmons, playing Daniel. Andy Soares sings over the castaway lovers.

Singing as the plot unfolds, the characters of the play come together in an epic scene before the climax. The song they are singing is "Pray (Reprise)."

Military Ball

Partying the night away, cadet Kori Nunes dances with her date. Kori has been a cadet for three years and is a member of the Raider Team.

All dressed up and ready to party, the cadets spent a lovely April evening at the Century House. It was the Military Ball, and everyone was excited for a wonderful night. With the guys in their uniforms and the ladies in gowns, everyone entered under the sabers of the Honor Guard. They proceeded to the receiving line to be welcomed by the battalion's staff members.

Once the introductions were done, the National Anthem was sung, and the mayor made a few remarks before the meal. After a few words from the Colonel, it was chow time.

The Colonel then introduced the seniors, and they stood proudly before the underclassmen. Once the speeches were done, it was time to dance.

The dancing began with the senior dance. Later the remaining guests joined them on the dance floor. Whether you spent the rest of the night dancing, swapping stories at with friends or taking pictures, it was definitely a night to remember.

Patiently standing in line, the cadets pile their plates with food. Katie Plante comtemplates the corn while Trevor Perry, behind her, greets an old friend.

Smiling at the arrival of her friend, Katie Plante shakes Moussa Hassoun's hand. A member of R.O.T.C. for four years, Katie is the commander of Delta company. Jessica Jacintho, Batallion Commander, and Matthew Lariviere, Batallion Sergreat Major, eagerly await the arrival of the guests.

The R. O. T. C. staff members welcome the guests to the ball. Matthew Laiviere shakes hands with Joel Spinale, former Batallion S-5, who introduces his date Alexa Theodore.

Under the sabers of the Honor Guard, (Far Left) Moussa Hassoun escorts Lynn Hassoun and Sabrina Hinchey into the ball. Moussa has been a cadet for one year and is a member of the Academic Team.

Softball

"We keep each other up, stay focused, and work as a team." - Brittany Carvalho

Ending a strong season going 2-2 in the Big Three Championship and 12-6 in the regular season, the Lady Whalers' Coach Lowe claims this season was better than the previous two years. "We keep each other up, stay focused, and work as a team," agrees sophomore pitcher Brittany Carvalho. Even thought they didn't get far in the Grandslam Tournament, the team was ready to work even harder than before and go all the way in states.

Q:What does this sport mean to you?

A: "Softball means the absolute world to me; it has been a big part of my life since the age of five. Most of my life I wanted to play softball in college and even professionally; however, that dream was recently crushed with the injury to my shoulder in 2009."

-Crystal Carvalho

A:"For me, the best part of the season was the friendships we made. The team was so close this year and I think that's why we had so much success."

Baseball

"It was nice to beat Bridgewater because we had never won the tournament before." - Ryan Medeiros

The baseball team had an excellent season this year as they maintained the best record since 2000. According to Aaron Agrelo, the best part of the season was "Going 4-0 against the Big 3." The team was very successful in teamwork and effort, which is what drove them to such a strong record. Another great accomplishment was their victory in the Brad Martin Tournament. Ryan Medeiros said, "It was nice to beat Bridgewater becasue we had never won the tournament before." The team's players all testified to the fact that it was a fun season because of the people on the team. They bonded well throughout the season, and many recalled after-victory strawberry cake as one of the best traditions they contrived.

Girls' Tennis

"The biggest challenge was definitely doing my best in every single match to help the team as much as possible." - Lynn Hassoun

"ONE, TWO, THREE WHALERS!" This is how every match started, along with a huddle and a motivational speech from their captain, Jessica Jacintho. Win or lose these girls went out on the court and played their heart out.

Although the team ended with a good season, they definitely had some obstacles to overcome - some team, other individual. "The biggest challenge was definitely dong my best in every single match to help the team as much as possible," said Lynn Hassoun. However for Jessica Jacintho, her greatest challenge was "being a good captain for my team."

Whether they were cheering for each other on the court, having fun at practice, or celebrating a win at Friendly's or Dunkin Donuts there is no denying the close bond that these girls shared.

Boys' Tennis

"It means a lot to me, it lets me hang out with close friends, and I have fun playing."
- Alex Sousa

A pause. Then the serve. With a slight bend of the knees and a light toss, the ball is rocketed over the net toward the opponent.

The boys' tennis team was at their best. On the courts they dominated and took victories home, such as their triumph over Durfee. The team shared a special bond with one another, and sometimes went out for ice cream after wins.

Each player took his role as part of the team very seriously. They all had different rituals to prepare themselves for a game. Moussa Hassoun sits by himself silently and mentally prepares to give the game his absolute best. Moussa went on to say his influence to join the tennis team was his older sister, Rola. Alex Sousa said, this team "means a lot to me, it lets me hang out with close friends, and I have fun playing."

It is clear that they all have one goal, and that is to give it all they've got, to come home proud, and to be on top.

Girls' Lacrosse

"Lacrosse means pushing yourself to the ultimate limit for the benefit of the team."
- Noreen Costa

After a rough season last year, the girls' lacrosse team certainly got their game together, going far into the season and making it to the State Tournament. In the mind of captain Emilie Pires, the best part of the season was "beating Dartmouth" – a victory that couldn't have been more glorious. It was the first time the team had ever beaten the Indians.

What set this team apart from others? In the words of Noreen Costa, "The difference between our team and others is that we work together and don't get mad at each other when one of us makes a mistake. We're the true definition of a team. Lacrosse means pushing yourself to the ultimate limit for the benefit of the team." These girls certainly share a close bond both on and off the field; that was a major part of their success.

The ball is flying high across the field as you run at to speed trying to get under it. You're nearly at the goal when the ball lands in the net of your stick as you intercept your opponent's pass. You take off in the opposite direction as you cradle the ball. Suddenly you are face to face with your rival as he lunges at you with his stick. The ball soars through the air once again, but you breathe a sign of relief as your teammate catches it before it lands on the ground. He makes a shot and the ball goes soaring in the net, scoring the game winning goal.

Girls' Spring Track

"The seniors on the team this year have never lost a Big 3 championship throughout four indoor AND outdoor seasons!" - Magaret Poyant

The girls spring track team had an excellent season and went on to become Big 3 Champions. While some might think that the team's biggest rivals were their Big 3 opponents, they would be mistaken. Both Faith Overall and Maggie Poyant agree that it was Dartmouth. Maggie went on to say, "They beat us on a technicality in winter so we really wanted to stick it to them in the spring."

The team has had four great years together, but it was the friendships that were made and their coaches that kept them together. "Most people would view track as an individual's sport, but it's the team atmosphere that kept me coming back all four years,' said Maggie.

Hadley Patten said that she is going to miss her "teachmates and coaches a lot because they're the reason track was so enjoyable." Faith backed this up by saying "NBHS has excellent athletic programs and wherever we go out team is well respected. also the coaches are great and really know what they're doing."

Boys' Volleyball

"The best bonding we have is when we play together as a team and win games."

- Andrew McDowell

After a very successful season the Boy's Volleyball Team has a lot to be proud of. Andrew McDowell summed up the season when he said, "The best bonding we have is when we play together as a team and win games."

One major accomplishment was their defeat over rival New Bedford Voke. Cedric Houtman commented, saying, "The best part of the season for me was the New Bedford Voke game. It's always nice to slaughter a team when you know almost all the kids. It always helps when you have Charles London and Bobby Tetreault on the court with you. They make the game so much fun."

Overall, the team was successful both on the court winning games and off the court rallying their team unity and honing their skills in practice.
